

POSITION: Project Estimator

DOME Construction Corporation has an excellent opportunity for an experienced Estimator to join our team. The right candidate will be an integral part of a growing, dynamic and challenging environment. We are seeking a highly motivated candidate with construction experience and management skills. Relationships in the local construction market are desirable.

Requirements Include:

- 4-5 years minimum experience in estimating Tenant Improvement projects
- Prepare and analyze estimates independently.
- Additional estimating experience in any of the following categories would be a plus:
 - Seismic Renovation
 - Biotechnology and Laboratory
 - Healthcare and Hospitals
- Understanding of and ability to do CPM scheduling.
- Experience in developing conceptual estimates for various projects in the \$500K to \$10MM range and up.
- Computer literate on PC programs, especially Timberline, Excel and MS Project.
- Ability to present him/herself well to clients and architects from initial contact to presentations to contract negotiations.
- Marketing/Business Development skills, particularly interaction with and establishing relationships with architects/owners.
- Project Management experience would be a plus but not required.
- Knowledge of local subcontractors and local industry conditions.

We offer:

- A competitive salary
- Opportunity for advancement
- 401K with employer matching (up to 3%)
- Profit Sharing Plan
- Excellent healthcare, dental and vision benefits
- Section 125 benefits (Healthcare, childcare pre-tax reimbursement)
- Vehicle reimbursement / Company vehicle

Please submit your resume via email (contactus@domeconst.com) and be sure to put **PROJECT ESTIMATOR** in the subject line.
