materialmen furnishing labor and material to Subcontractor on the work herein subcontracted. In connection with each payment application, Subcontractor certifies that all required insurance remains in effect and that no notice of cancellation has been received by Subcontractor for any such insurance.

7.2 In the event Contractor is not paid by Owner any sum claimed due by Subcontractor as provided in the Prime Contract, then Contractor's obligation to make payment to Subcontractor with respect to the time for payment to Subcontractor shall, in addition to any other conditions set forth in the Contract Documents, be subject to the following conditions precedent:

7.2.1 If Contractor does not pay Subcontractor sums claimed due under the Subcontract as a result of nonpayment by the Owner, Contractor shall be granted a reasonable time to pursue such payment from Owner, including such time as may be required to prosecute an action, or arbitration, to judgment. If any such nonpayment is thereafter "finally adjudged" (as hereinafter defined) to have been justified due to a breach by Contractor of the Prime Contract, and such breach is not related to a breach of Subcontractor under the Contract Documents, then Contractor shall pay to Subcontractor such sum as is due under this Subcontract, inclusive of and limited to simple interest thereon at the average prime interest rate for the calendar year preceding the breach, plus 1% per annum, accruing from the date such sum would have been first due and owing to Contractor but for Contractor's breach. The term "finally adjudged" as used in this Paragraph (7.2.1) shall mean the date final judgment is entered in any action by Contractor against Owner for recovery of sums due under the Prime Contract.

7.2.2 If Contractor does not pay Subcontractor sums claimed due under the Subcontract as a result of nonpayment by the Owner and such nonpayment is caused by Owner's insolvency, bankruptcy, or lack of sufficient assets, or for reasons other than a breach by Contractor of the Prime Contract, then Subcontractor's right to payment shall be conditioned upon the passage of such time as may be reasonable and necessary for Contractor and Subcontractor to fully exercise and exhaust to final judgment their respective stop notice and mechanics lien rights and remedies for collection of sums unpaid by Owner, including during bankruptcy proceedings, together with the passage of such additional time as is reasonably necessary for execution by Contractor of any final judgment entered in its favor. Simple interest only on such sums as are due to Subcontractor shall accrue and be payable to Subcontractor at the average prime interest rate for the calendar year preceding the breach, plus 1% per annum commencing from the expiration of the reasonable time reserved to Contractor in this Paragraph 7.2.2 for recovery and collection from Owner

7.2.3 Subcontractor agrees to preserve and maintain its mechanics' lien and stop notice rights with respect to the project and to exercise and exhaust those rights in the event that Contractor does not pay Subcontractor sums due under the Subcontract as a result of payment default on the part of the Owner under the Prime Contract. Nothing contained herein shall be interpreted as releasing or waiving any statutory mechanic's lien, bond or stop notice right reserved to Subcontractor under the law. Contractor and Subcontractor mutually agree, to the maximum extent allowed by law, that each of them shall assume the risk of Owner insolvency to the extent of their respective interest in Project Funds. If Project Funds become unavailable due to Owner insolvency and Contractor's and Subcontractor's remedies for a mechanics lien or stop notice should prove insufficient to secure payment of outstanding amounts, any further payment obligation under this Agreement, beyond what may be available under such lien remedies, shall be excused.

7.3 Contractor shall retain from progress or other payments hereunder ten percent (10%) of the amount due until final acceptance of the work by the Architect and Owner and until ten (10) days after Contractor's receipt of final retention payment from the Owner. All billings for work performed during a calendar month shall be made on Contractor's standard form "Subcontractor Progress Payment Request" and "Conditional Waiver and Release Upon Progress Payment" and must include a schedule of values itemizing in detail work completed and materials and equipment put in place during such month. No other form of payment request will be accepted. **Payment requests must be delivered to Contractor no later than the 20th of each month. All payment requests received after the 20th of the month will be included in the contractor's following month's payment request.**

7.4 Subcontractor, as requested by Contractor, shall furnish certified copies of all payrolls in the manner prescribed by Contractor. Contractor reserves the right to require mechanics' lien, stop notice, materialmen and bond claim release (including releases from lower tier subcontractors) and payment affidavits in duplicate with each application for progress payments and on final payment. Contractor also reserves the right to require Subcontractor to execute an Unconditional Waiver and Release form as to previously paid progress payments. No payment will be made until required releases and affidavits have been received and approved by Contractor.

7.5 Unless otherwise provided in the Contract Documents, payment applications may include materials or equipment not incorporated in the Work but delivered and suitably stored at the site and, if allowed in the Contract Documents and approved in advance by the Contractor, payment applications may similarly include materials or equipment suitably stored at some other location agreed upon in writing. Payments for materials or equipment stored on or off the site shall be conditioned upon submission by Subcontractor of bills of sale or such other procedures satisfactory to Contractor to establish Owner's title to such materials or equipment or otherwise protect Owner's interest, including applicable insurance and transportation to the site for those materials and equipment stored off the site.

7.6 Contractor may withhold or, on account of subsequently discovered evidence, may nullify, the whole or part of any payment to protect Contractor from loss on account of (i) defective work not remedied; (ii) third party claims filed or reasonable evidence indicating probable filing of such claims; (iii) failure of Subcontractor to make payments properly to its subcontractors or for materials, equipment, labor or fringe benefits; (iv) reasonable doubt that the work under this agreement can be completed for the balance of the Subcontract Price then unpaid; (v) damage to Contractor, a separate contractor or another subcontractor; (vi) reasonable doubt that the work under this agreement can be completed within the time required herein and that the balance of the subcontract price then unpaid would be sufficient to cover the actual or liquidated damages resulting from the anticipated delay; (vii) penalties assessed against Contractor or Subcontractor on account of Subcontractor's failure to comply with state, federal or local laws and regulations; (viii) persistent failure to carry out the work under this Subcontract in accordance with the Contract Documents; or (ix) any other ground for withholding payment

allowed by state or federal law, or as otherwise provided in this Subcontract. When the reason(s) for withholding payment is/are rectified, such amounts as are then due and owing shall be paid or credited to Subcontractor.

7.7 Contractor reserves the right to make payment by joint check or by direct check to Subcontractor's materialmen or sub-subcontractors or to any other person or entity who has performed work or furnished materials under this Subcontract and may have a claim or a right of action against Contractor, Contractor's Surety, or the project under any law; provided, however, that Contractor shall not be obligated to exercise the right reserved herein for the benefit of any person or entity other than itself. Subcontractor agrees that Contractor shall have the right to determine the manner in which payment shall be made. 7.8 Any payment made hereunder prior to completion and acceptance of the work shall not be construed as evidence or acknowledgement of proper completion of any part of Subcontractor's work.

GENERAL SUBCONTRACT PROVISIONS

1. INSURANCE

1.1 Subcontractor shall, at its expense, procure and maintain insurance on all of its operations, in companies acceptable to Contractor, as provided for in Addendum A - Subcontractor Insurance Requirements, which is incorporated herein as though fully set forth.

1.2 Subcontractor shall maintain all of the insurance required by Addendum A until the work under this Agreement is fully completed and accepted. Failure of Contractor to enforce in a timely manner any of the provisions of this Section 1 and Addendum A shall not act as a waiver of enforcement of any of these provisions at a later date in the performance of this Agreement. Any exceptions to the provisions of this Section must be delineated in the Contract Documents.

2. INDEMNIFICATION

2.1 Subcontractor's Performance. With the exception that this Section 2 shall in no event be construed to require indemnification by Subcontractor to a greater extent than permitted under the public policy of the State of California, Subcontractor shall indemnify, defend and hold harmless Owner, Contractor, and any other entities required to be indemnified by Contractor under the Contract Documents, including their officers, agents, employees, affiliates, parents and subsidiaries, and each of them, of and from any and all claims, demands, causes of action, damages, costs, expenses, actual attorneys' fees, losses or liability, in law or in equity, of every kind and nature whatsoever ("Claims") arising out of or in connection with Subcontractor's operations to be performed under this Agreement for, but not limited to:

- (a) Personal injury, including, but not limited to, bodily injury, emotional injury, sickness or disease, or death to persons, including, but not limited to, any employees or agents of Subcontractor, Owner, Contractor, or any other subcontractor and/or damage to property of anyone (Including loss of use thereof), caused or alleged to be caused in whole or in part by any negligent act or omission of Subcontractor or anyone directly or indirectly employed by Subcontractor or anyone for whose acts Subcontractor may be liable, regardless of whether such personal injury or damage is caused by a party indemnified hereunder.
- (b) Penalties imposed on account of the violation of any law, order, citation, rule, regulation, standard, ordinance or statute, caused by the action or inaction of Subcontractor.
- (c) Infringement of any patent rights which may be brought against the Contractor or Owner arising out of Subcontractor's work.
- (d) Claims and liens (see Section 7) for labor performed or materials used or furnished to be used on the job, including all incidental or consequential damages resulting to Contractor or Owner from such claims or liens.
- (e) Subcontractor's failure to fulfill the covenants set forth in each subpart of Section 9, Labor Relations.
- (f) Failure of Subcontractor to comply with the provisions of Addendum A, Subcontractor Insurance Requirements.
- (g) Any violations or infraction by Subcontractor of any law, order, citation, rule, regulation, standard, ordinance or statute in any way relating to the occupational health or safety of employees, including, but not limited to, the use of Contractor's or other's equipment, hoist, elevators, or scaffolds.

2.2 The indemnity set forth in this section shall not be limited by insurance requirements or by any other provision of this Agreement and shall extend to Claims occurring after this Agreement is terminated as well as while it is in force. Moreover, Subcontractor's indemnity obligations herein are in addition to the indemnity provisions of the Prime Contract; Subcontractor agrees to indemnify Contractor for any claims arising from Subcontractor's scope of work that are subject to the indemnification provisions of the Prime Contract to the same extent Contractor is obligated to the Owner. (1) *Claims for Personal Injury and Property Damage.* Subcontractor assumes all risk and liability for injury or death to persons, or damage to property, arising from the work of Subcontractor, its employees, agents, and independent contractors. Subcontractor will defend, indemnify and save harmless Contractor, its employees, directors, and officers from and against all claims for personal injury, bodily injury, emotional injury, sickness, disease, or death of any person ("Personal Injury Claims") and all claims for damage to property or loss of use thereof ("Property Damage Claims"), arising or alleged to arise out of the operations to be performed under this Agreement regardless of any active or passive negligent act or omission of Contractor, Subcontractor, their officers, directors, employees or independent contractors. The only limitation on this indemnity for Personal Injury and Property Damage Claims is that Subcontractor will not be obligated to indemnify Contractor for Claims arising from the sole negligence or willful misconduct of Contractor or the Contractor's agents, servants or independent contractors who are directly responsible to Contractor or for Personal Injury Claims or Property Damage Claims arising solely from defects in design furnished by such persons. (2) *Other Claims.* As to all other claims, including, without limitation, claims arising from or relating to (a) defective workmanship or design furnished by Subcontractor, its agents or independent contractors, (b) fines or penalties, (c) violation or infraction of any law, order, citation, rule, standard or ordinance, (d) Subcontractor's use of Contractor's or others' equipment, hoists, elevators, or scaffolds, (e) an infringement of patent rights, and (f) labor performed or materials furnished to Subcontractor, and (g) any breach of this Agreement, Subcontractor assumes the risk of its own negligent acts, errors, omissions or wrongful conduct and agrees to defend and indemnify Contractor for and against all such claims to the extent they arise out of Subcontractor's negligent acts, errors, omissions or wrongful conduct.

2.3 Subcontractor shall:

- (a) At Subcontractor's own cost, expense and risk, defend, with counsel approved by Contractor (which approval shall not be unreasonably withheld) all Claims as defined in Section 2.1 that may be brought or instituted by third persons, including, but not limited to, governmental agencies or employees of Subcontractor against Contractor or Owner or their agents or employees or any of them;

(c) Reimburse Contractor or Owner or their agents or employees for any and all legal expense incurred by any of them in connection herewith or in enforcing the indemnity granted in this Section 2

2.5 No Limitation of Liability. The indemnities set forth in this Section 2 shall not be limited by the insurance requirements set forth in Section 1.

3. BONDING OF SUBCONTRACTOR

Concurrently with the execution of the Agreement, or at any time during its performance, Subcontractor shall, if required by Contractor, execute a Labor and Material Bond and Faithful Performance Bond, in an amount to be designated by Contractor but not exceeding 100% of the Contract Price in Article 4. Said bonds shall be executed by a corporate surety acceptable to Contractor and shall be in a form satisfactory to Contractor. Contractor will reimburse Subcontractor for the premium paid by Subcontractor on said bonds up to 2% of the Contract Price. Subcontractor's failure to post a faithful performance or labor and material bond when requested shall constitute a material breach of this Agreement and is cause for termination of this Agreement.

4. TIME

4.1 Time is of the essence of this Agreement. Acceptance of this Subcontract is affirmation that Subcontractor has, or can obtain, all materials, equipment, manpower, etc. necessary to avoid any delays in the construction schedule. Contractor shall have complete control of the premises on which the work is to be performed and shall have the right to decide the time or order in which the various portions of the work shall be installed or the priority of the work of other subcontractors and, in general, all matters representing the timely and orderly conduct of the work of Subcontractor on the premises. It shall be Subcontractor's obligation to conform to Contractor's progress schedule, as revised from time to time. Subcontractor shall prepare and obtain approval as required by the Contract Documents for all shop drawings, details, samples, and do all other things necessary and incidental to the prosecution of this work in conformance with said progress schedule. He shall coordinate the work covered by this Agreement with that of all other contractors, subcontractors, suppliers and of the Contract, in a manner that will facilitate the efficient completion of the entire work. In the event Subcontractor fails to maintain his part of the Contractor's schedule, he shall, without additional compensation, accelerate the work as Contractor may direct until Subcontractor's work is in accordance with such schedule.

4.2 Should Subcontractor be delayed in the prosecution or completion of the work by the sole act, neglect, or default of Owner, of Architect, or of Contractor, or should Subcontractor be delayed waiting for materials, if required by this Contract to be furnished by Owner or Contractor, or by damage caused by fire or other casualty for which Subcontractor is not responsible, or by the combined action of the workmen, in no way caused by, or resulting from default or collusion on the part of Subcontractor, or in the event of a lockout by Contractor, then the time herein fixed for the completion of the work shall be extended the number of days that Subcontractor has thus been delayed, but no allowance or extension shall be made unless a claim therefore is presented in writing to the Contractor within 48 hours of the commencement of the occurrence of the cause for such delay, and under no circumstances shall the time of completion be extended to a date which will prevent Contractor from completing the entire project within the time the Owner allows Contractor for such completion. Failure to provide such written notice of claim will waive Subcontractor's right to an extension of time.

4.3 No claims for additional compensation or damages for delays, whether in the furnishing of materials by Contractor, or delays by other subcontractors or Owner, will be allowed by the Contractor, and said extension of time for the completion shall be the sole remedy of Subcontractor; provided, however, that in the event, and in such event only, that Contractor obtains additional compensation from Owner on account of such delays, Subcontractor shall be entitled to such portion of the additional compensation so received by Contractor from Owner as is equitable under all of the circumstances. Nothing herein contained shall require Contractor to make any claim against Owner for such delays, and it is specifically agreed that the failure of Contractor to prosecute any such claim against Owner shall not entitle Subcontractor to any claim for damages against Contractor.

4.4 In the event that Contractor prosecutes a claim against Owner for additional compensation for any delay, Subcontractor shall cooperate fully with Contractor in the prosecution thereof and shall pay costs and expenses incurred in connection therewith, including actual attorneys' fees, to the extent that said claim is made by Contractor at the request of Subcontractor.

5. CHANGES IN THE WORK

5.1 The parties agree that Contractor has the right to make changes, additions and/or omission in the Work as it may deem necessary, upon written order to Subcontractor regardless of whether the Work or any portion of it has been completed. Upon receipt of a properly executed written directive from Contractor, Subcontractor hereby agrees to make any and all changes, furnish the materials and perform the work that Contractor may require, without nullifying this Agreement, at a reasonable addition to, or reduction from, the Contract Price stated herein, and pro rata to the same. A DIRECTIVE SHALL BE DEEMED PROPERLY EXECUTED IF, AND ONLY IF, IT IS IN WRITING AND IT HAS BEEN EXECUTED BY CONTRACTOR'S PROJECT MANAGER, PROJECT ENGINEER OR PROJECT SUPERINTENDENT. Subcontractor shall adhere strictly to the plans and specifications unless a change directive therefrom is authorized in writing. Under no conditions shall Subcontractor make any changes, either as additions or deductions, without the written order of the Contractor, and Contractor shall not pay any extra charges made by the Subcontractor that have not been agreed upon in writing by Contractor in the manner described above. Disputed work shall be performed as ordered in writing by the Contractor and the proper cost or credit breakdowns therefore shall be submitted without delay by Subcontractor to Contractor.

Subcontractor

5.2 If necessary, the contract price stated in Article 4 and the time for Subcontractor's performance shall be adjusted by appropriate additions or deductions mutually agreed-upon before Subcontractor performs the changed work. Subcontractor shall supply Contractor with its proposal for addition or deletion from the subcontract price or time (a "Modification Proposal") within (5) five days or earlier, if required by Contract Documents after receipt of Contractor's written directive. The Modification Proposal will include all documentation necessary to substantiate the claimed increase in the subcontract price or subcontract time, or the proposed credit. The Modification Proposal will include all costs relating to the modification, including all direct and indirect costs of any kind and it will be priced in accordance with any limitations contained in the Contract Documents (including the limitation in Section 4, above). If Subcontractor fails to submit a Modification Proposal within (5) days after receipt of a request for a Modification Proposal, or a written directive for changed work, then Contractor, in its sole discretion, may issue a unilateral change order which will fix the addition or deduction to the Contract Price and/or the Contract Time. If Subcontractor does not (a) object in writing to a unilateral change order within (5) five days after a unilateral change order is issued and (b) submit a claim in strict accordance with paragraph 5.5, below, then the Subcontractor agrees that the unilateral change order will become binding on the parties even though it may not be signed or acknowledged by the Subcontractor. If Contractor and Subcontractor cannot agree on the amount of the addition or deletion, Subcontractor shall nonetheless timely perform the work as changed by Contractor's written direction. Once Subcontractor receives Contractor's written direction, Subcontractor is solely responsible for timely performance of the work as changed by the written direction.

5.3 Subcontractor will be paid for properly executed changes in the Work at the agreed price thereof and as payment is received in accordance with the payment provisions set forth in Article 7 of this Agreement, or if the price is not agreed upon, the Contractor may estimate the value of such work, issue a unilateral change order and pay for the completed portion of such work based upon such unilateral change order.

5.4 Subcontractor shall not make any changes in the work described in Article 3, or in any way cause or allow that work to deviate from the Contract Documents, without a properly executed written directive from Contractor. If Subcontractor makes any changes in the work described in Article 2 without a properly written directive from Contractor, such change constitutes an agreement by Subcontractor that he will not be paid for the changed work, even if he received verbal direction from Contractor in any form of direction, written or otherwise, from Owner, or any other person or entity. In addition, Subcontractor shall be liable for any and all losses, costs, expenses, damages, fees and liability of any nature whatsoever associated with or in any way arising out of any such change he makes without a properly executed written directive from Contractor.

5.5 If a dispute arises between Contractor and Subcontractor including disputes about whether particular work is a change in the work described in Article 2; over the amount of compensation for a change in the Work; or the amount of adjustment to the contract time (collectively "Disputed Work") then Subcontractor shall timely perform the Disputed Work, upon written direction to do so from Contractor, and may give written notice of a claim for additional compensation or time for that work. Subcontractor shall give written notice of a claim for the Disputed Work within 48 hours after receiving a properly executed written directive from Contractor to perform such Disputed Work or prior to commencement of the Disputed Work, whichever is sooner. Within 30 days after commencement of any Disputed Work, Subcontractor will submit a written claim for all costs incurred on account of the Disputed Work up to the date of submission indicating the percentage of the work completed as of that date in the manner required by the Contract Documents. Subcontractor will submit daily cost records for such work to Contractor's project manager, project engineer, or project superintendent as the Disputed Work is performed. The Contractor's signature on daily cost records presented by Subcontractor constitutes an agreement that the Disputed Work was done, but does not by itself constitute an agreement that Subcontractor is entitled to an adjustment in the contract sum or time. Under no circumstances will Contractor's signature on any cost records presented by Subcontractor alter or supersede any of the terms or conditions of this Agreement. Any conflicting terms or conditions on Subcontractor's forms presented for signature at the project site are of no force and effect. If Disputed Work extends for a longer period than 30 days, Subcontractor will continue to document additional costs and time as required and will provide a claim update every 30 days. Subcontractor's failure to give written notice within the 48 hour period or to submit a written claim within 30 days or to provide a claim update, constitutes an agreement by Subcontractor that it will receive no extra compensation and no additional time for the Disputed Work and a waiver of any right to seek additional compensation or time.

5.6 If Subcontractor makes a valid and timely claim in accordance with the Contract Documents relating to any act, omission, fault, neglect or modification of Owner then, to the extent Subcontractor's claim arises out of events for which Contractor is entitled to extra cost or time under the provisions of the Prime Contract, Contractor's duty to Subcontractor is limited to passing on claims to the Owner and Subcontractor will be bound by Owner's determination and any adjustment in the Contract Price or Time shall be made only to the extent allowed by Owner, less Contractor's mark-up. Subcontractor will bear its pro-rata share of all costs required to process claims to the Owner.

5.6.1 Except for Disputed Work that is proven to be the sole responsibility of Contractor, the maximum amount of any adjustment to the Contract Price or Time arising out of Disputed Work pursuant to this Section shall be the lesser of (1) the increase to the Contract Price or Time that is granted to Contractor by the Owner for Subcontractor's portion of the Disputed Work after deduction of Contractor's costs, including overhead and profit or (2) the costs established through Subcontractor's cost records or Time established by Subcontractor and Contractor's daily reports and schedule. Subcontractor's failure either to give timely written notice of a claim as described above or to submit the required records constitutes an agreement by Subcontractor that there will be no adjustment to the Contract Price or Time on account of the Disputed Work. There will be no adjustment to the Contract Price or Time unless the procedure outlined herein is strictly followed.

5.7 The Contractor reserves the right to perform changes in the Work with its own forces and to award contracts to others to complete changes in the Work

5.8 No change, alteration, or modification to or deviation from this Agreement, the Contract Documents, Prime Contract, plans, or specifications, whether made in the manner provided in this provision or not, shall release or exonerate, in whole or in part, any bond or any surety on any bond given in connection with this Agreement, and no notice is required to be given to such surety of any such change, alteration, modification, or deviation.

6. DAMAGES CAUSED BY DELAYS

6.1 If Subcontractor should default in performance of the work described in Article 3 or should otherwise commit any act which causes delay to the prime contract work, Subcontractor shall be liable for all losses, costs, expenses, liabilities and damages, including consequential damages and liquidated damages sustained by Contractor, or for which Contractor may be liable to Owner or any other party because of Subcontractor's default.

6.2 Subcontractor shall not be liable under this paragraph if such default is caused by strikes, lockouts, Acts of God, or other reasons beyond the control of Subcontractor, concerning which, however, notice of occurrence of same shall be given in writing immediately by Subcontractor to Contractor. In no event, however, shall Subcontractor be entitled to damages for delays for events arising under this Section 6.2, unless and to the extent the Contractor is entitled to damages under the provisions of the Prime Contract.

7. LIENS

7.1 Subcontractor shall at all times indemnify, defend and hold Contractor and Owner harmless against all liability for claims and liens for labor performed or materials used or furnished to be used on the job, including any costs and expenses for attorney's fees, and all incidental or consequential damages resulting to Contractor or Owner from such claims or liens. Further, in case suit on such claim is brought, Subcontractor shall defend said suit at this own costs and expense, and will pay and satisfy any such lien or judgment as may be established by the decision of the court in said suit. Subcontractor agrees within ten (10) days after written demand from Contractor to cause the effect of any suit or lien to be removed from the premises, and, in the event Subcontractor shall fail to do so, Contractor is authorized to use whatever means in its discretion it may deem appropriate to cause said lien or suit to be removed or dismissed and the cost thereof, together with reasonable attorney's fees, shall be immediately due and payable to Contractor by Subcontractor and fees and costs not paid may be collected from Subcontractor or deducted from the amounts otherwise to be paid to Subcontractor under this Agreement. Subcontractor may litigate any such lien or suit provided he causes the effect thereof to be removed, promptly in advance, from the premises, and shall further do such things as may be necessary to cause Owner not to withhold any monies due to Contractor from Owner by reason of such liens or suits.

7.2 It is understood and agreed that the full and faithful performance of this Agreement on the part of Subcontractor (including the timely payment of any obligations due from Subcontractor to Contractor, and any amounts due to labor or materialmen furnishing labor or materials for said work including furnishing of the appropriate conditional and unconditional lien releases) is a condition precedent to Subcontractor's right to receive payment for the work performed, and any monies paid by Contractor to Subcontractor under the terms of this Agreement shall be impressed with a trust in favor of labor and materialmen furnishing labor and material to Subcontractor on the work herein subcontracted.

8. RECOURSE BY CONTRACTOR

8.1 Failure of Performance, Notice to Cure, Remedies. If Subcontractor at any time refuses or neglects to supply enough properly skilled workers and proper materials, or fails to properly and diligently prosecute the work covered by this Agreement, or fails to make prompt payment to his workers, sub-contractors or suppliers, or becomes delinquent with respect to contributions or payments required to be made to any health and welfare, pension, vacation, apprenticeship or other employee-benefit program or trust, or is otherwise guilty of a material breach of a provision of this Agreement, and fails within forty-eight (48) hours after receipt of written notice to commence and continue satisfactory correction of such default with diligence and promptness, then Contractor, without prejudice to any rights or remedies, shall have the right to any or all of the following remedies:

- (a) supply such number of workers and quantity of materials, equipment and other facilities as Contractor deems necessary for the completion of Subcontractor's work, or any part thereof which Subcontractor has failed to complete or perform, and charge the costs thereof to Subcontractor, who shall be liable for the payment of same including reasonable overhead, profit, and actual attorney's fees incurred as a result of Subcontractor's failure of performance.
- (b) contract with one or more additional contractors to perform such part of Subcontractor's work as Contractor shall determine will provide the most expeditious completion of the total work and charge the cost thereof to Subcontractor; and
- (c) withhold payment of any monies due Subcontractor, pending corrective action, to the extent required by and to the satisfaction of Contractor.

8.2 In the event of an emergency affecting the safety of persons or property, Contractor may proceed as above without notice.

8.3 Termination for Default. If Subcontractor fails to commence and satisfactorily continue correction of a default within forty-eight (48) hours after receipt by Subcontractor of the written notice issued under Section 8.1.(a), then Contractor may terminate Subcontractor's right to perform under this Agreement and use any materials, implements, equipment, appliances or tools furnished by or belonging to Subcontractor to complete Subcontractor's work without any further compensation to Subcontractor for such use. Contractor also may furnish those materials and equipment, and/or employ such workers or subcontractors as Contractor deems necessary to maintain the orderly progress of the work.

- (a) In such case, Subcontractor shall be entitled to no further payment until the balance of Subcontractor's work has been completed. At that time, all of the costs incurred by Contractor in performing Subcontractor's work, including a markup of ten percent (10%) for overhead and five percent (5%) for profit on such expenses, plus actual attorneys' fees as provided above, shall be deducted from any monies due or to become due Subcontractor. Subcontractor shall be liable for the payment of any amount by which such expenses may exceed the unpaid balance of the Contract price.

8.4 Termination for Convenience. Contractor may, at any time and for any reason, terminate Subcontractor's services and work at Contractor's convenience. Cancellation shall be by service of written notice to Subcontractor's place of business.

- (a) Upon receipt of such notice, Subcontractor shall, unless the notice directs otherwise, immediately discontinue the work and placing of orders for materials, facilities, and supplies in connection with the performance of this Agreement, and shall, if requested, make every

reasonable effort to procure cancellation of all existing orders or contracts upon terms satisfactory to Contractor, or, at the option of Contractor, give Contractor the right to assume those obligations directly, including all benefits to be derived therefrom. Subcontractor shall thereafter do only such work as may be necessary to preserve and protect the work already in progress and to protect material and equipment on the job-site or in transit thereto.

(b) Upon such termination, Subcontractor shall be entitled to payment in accordance with Article 7 only as follows: (1) the actual cost of the work completed in conformity with this Agreement; plus, (2) such other costs actually incurred by Subcontractor as are permitted by the Prime Contract and approved by Owner; plus (3) fifteen percent (15%) of the cost of the work or as allowed in Prime Contract, whichever is less, referred-to in subparagraph (1) above, for overhead and profit. There shall be deducted from such sums as provided in this subparagraph the amount of any payments made to Subcontractor prior to the date of the termination of this Agreement. Subcontractor shall not be entitled to any claim or claim of lien against Contractor or Owner for any additional compensation or damages in the event of such termination and payment

(c) Prime Contract Termination Prior to Completion. In the event the Prime Contract is terminated prior to its completion, Subcontractor shall be entitled only to payment for the work actually completed by it at the pro-rata of the price herein set forth unless Contractor itself receives additional compensation or damages on account of such termination, in which event, Subcontractor shall be entitled to such proportion of the additional compensation or damages actually received as is equitable under all of the circumstances. Nothing herein contained shall require Contractor to make any claim against Owner for such additional compensation or damages in the event of termination before completion, and it is specifically agreed that the failure of Contractor to prosecute any such claim against Owner shall not entitle Subcontractor to any claim for additional compensation or damages against Contractor.

(d) Grounds for Withholding Payment. Contractor may withhold, or on account of subsequently discovered evidence, nullify the whole or part of any payment to the extent necessary to protect Contractor from loss, including costs and attorneys' fees, on account of (1) defective work not remedied; (2) claims filed or reasonable evidence indicating probable filing of claim; (3) failure of Subcontractor to make payments properly to his subcontractors or for material, labor or fringe benefits; (4) a reasonable doubt that this Agreement can be completed for the balance then unpaid; (5) damage to another subcontractor; (6) failure of Subcontractor to provide to Contractor all required documentation including all required lien releases, certificates of insurance and any other documentation required as a condition precedent to Subcontractor's right to payment under this Agreement; (7) penalties assessed against Contractor or Subcontractor for failure of Subcontractor to comply with State, Federal or local laws and regulations; or (8) any other ground for withholding payment allowed by State or Federal law, the Prime Contract or as otherwise provided in this Agreement. When the above matters are rectified, such amounts as are then due and owing shall be paid or credited to Subcontractor.

(e) Lower-Tier Subcontractors' and Suppliers' Agreement. Subcontractor shall include a provision in its contracts with lower-tier subcontractors and material suppliers that in the event of a default by the subcontractor, Contractor has the right to hold the lower-tier subcontractors and suppliers to their agreements to furnish the work at the agreed-upon contract prices.

8.5 Bankruptcy.

(a) Termination Absent Cure. Upon the appointment of a receiver for Subcontractor or upon Subcontractor making an assignment for the benefit of creditors, or if Subcontractor seeks protection under the Bankruptcy Code or commits any other act of insolvency, Contractor may terminate this Agreement upon giving forty-eight (48) hours' written notice, by certified mail, to Subcontractor and its surety, if any. If an order for relief is entered under the Bankruptcy Code with respect to Subcontractor, Contractor may terminate this Agreement by giving forty-eight (48) hours' written notice, by certified mail, to Subcontractor, its trustee, and its surety, if any, unless Subcontractor, the surety, or the trustee: (i) promptly cures all defaults; (ii) provides adequate assurance of future performance; (iii) compensates Contractor for actual pecuniary loss resulting from such defaults; and (iv) assumes the obligations of Subcontractor within the statutory time limits.

(b) Interim Remedies. If Subcontractor is not performing in accordance with the schedule of work at the time of entering an order for relief, or at any subsequent time, Contractor, while awaiting the decision of Subcontractor or its trustee to reject or to accept this Agreement and provide adequate assurance of its ability to perform hereunder, may avail itself of such remedies under this Section as are reasonably necessary to maintain the schedule of work.

(c) Contractor may offset against any sums due or to become due Subcontractor all costs incurred in pursuing any of the remedies provided hereunder, including, but not limited to, reasonable overhead, profit and actual attorneys' fees incurred as a result of Subcontractor's non-performance.

(d) Subcontractor shall be liable for the payment of any amount by which such expense may exceed the unpaid balance of the Contract Price.

8.6 Joint Checks. With respect to any and all payments to be made by Contractor to said Subcontractor under this Agreement, Contractor, at his option, may issue joint checks payable to Subcontractor or any tier Subcontractor or supplier and any Employee Fringe Benefit Trusts to the extent necessary to assure that payments required from Subcontractor or any of his subcontractors with respect to work performed under this Agreement are paid.

9. LABOR RELATIONS

9.1 Employment of labor by Subcontractor shall be effected under conditions which are satisfactory to Contractor. Subcontractor shall, if requested to do so by Contractor, replace any employee whom Contractor determines to be undesirable. Subcontractor shall keep a representative at the job-site during all times when Subcontractor's work is in progress, and such representative shall be authorized to represent Subcontractor as to all phases of the work. Prior to commencement of the work, Subcontractor shall notify Contractor in writing who Subcontractor's representative is to be, and, in the event of any change of representative, Subcontractor shall notify Contractor in writing who the new representative is to be prior to such change becoming effective.

In the absence of any such procedure or if such procedure fails to promptly resolve the jurisdictional dispute, Subcontractor agrees, at its own cost and expense and upon request by Contractor, to take any and all lawful steps to secure a binding and final determination of said jurisdictional dispute by the National Labor Relations Board.

9.4 Subcontractor acknowledges that terms and conditions of the labor agreements with the unions listed herein below may require that Subcontractor comply with additional labor agreements with unions affiliated with the AFL-CIO and/or the United Brotherhood of Carpenters and Joiners of America but not listed herein. When the terms and conditions of the below-referenced labor agreements so require, Subcontractor shall perform its jobsite work pursuant to all terms and conditions of an appropriate labor agreement with a union affiliated with the AFL-CIO and /or the United Brotherhood of Carpenters and Joiners of America.

9.5 Should there be a labor dispute on Contractor's jobsite and should a reserved gate or neutral access be established, it shall be the obligation of Subcontractor to continue the proper performance of its work without interruption or delay.

9.6 Subcontractor further promises and agrees that it will bind and require all of its subcontractors and their subcontractors performing jobsite work of the type covered by any of the labor agreements specified below to agree to all of the foregoing promises and undertakings, to the same effect as herein provided with respect to Subcontractor.

9.7 Subcontractor shall comply with all equal employment opportunity and affirmative action requirements as outlined in Provision Y, "Indemnity Clause for Affirmative Action" of these General Subcontract Provisions. Subcontractor shall comply with and agrees to be bound by all applicable Federal, State and local laws, rules, ordinances, codes and regulations, including, but not limited to, all Fair Labor Standards Act provisions and California Labor Code provisions covering the work. Upon request, Subcontractor agrees to submit certified payroll reports to Contractor no later than three (3) working days after labor has been paid.

9.8 Labor Agreements: The Contractor is signatory to the following labor agreements covering work on this Project: CARPENTERS and LABORERS

10. LAYOUT RESPONSIBILITY

Contractor shall establish principal axis lines and levels whereupon Subcontractor shall lay out and shall be strictly responsible for the accuracy of his work and for any loss or damage to other contractors engaged in work on the site by reason of failure of Subcontractor to set out or perform his work correctly. Subcontractor shall exercise prudence so that actual final conditions and details shall result in perfect alignment of finish surfaces.

11. WORKMANSHIP

Every part of the work herein described shall be executed in strict accordance with the Contract Documents, in the most sound, workmanlike, and substantial manner. All workmanship shall be of the best of its several kinds, and all materials used in the work herein described shall be furnished in ample quantities to facilitate the proper and expeditious execution of the work, and shall be new and the best of their respective kinds, except such materials as may be expressly provided in the Contract Documents to be otherwise.

12. PROVISION FOR INSPECTION

Subcontractor shall furnish to Contractor and its representatives ample facilities at all times for inspecting materials at the site of construction, at the shops, or any place where materials under this Agreement may be in course of preparation, process, manufacture or treatment. Subcontractor shall further furnish to Contractor as often as required, full reports of the progress of the work at any place where materials under this Agreement may be in the course of preparation of manufacture, said reports to show the progress of such preparation and manufacture in such details as may be required by Contractor, including any plans, drawings, or diagrams in course of preparation.

13. MATERIALS FURNISHED BY OTHERS

In the event the scope of work includes installation of materials or equipment furnished by others, it shall be the responsibility of Subcontractor to examine the items so provided and thereupon handle, store and install the items with such skill and care as to ensure a satisfactory installation. Loss or damage due to acts of Subcontractor shall be charged to the account of Subcontractor and deducted from monies due under this Agreement.

14. PROTECTION OF WORK

Commencement of work by the Subcontractor shall constitute its acceptance of the condition of related work. Subcontract shall take all due care not to damage the work of others, and if Subcontractor does damage the work of others, Subcontractor will bear the expense of repairing such damage. Subcontractor assumes final responsibility to protect the Work done hereunder and bears all risk of loss or damage to its Work, materials and equipment delivered to or incorporated in the site until acceptance by Owner, Contractor, and Architect subject only to Subcontractor's rights, if any, as an insured on the Project Builders Risk insurance. If the Builders Risk insurance purchased by the Owner or Contractor provides coverage for Subcontractor for loss or damage to Subcontractor's work, then Subcontractor agrees to be responsible for the insurance policy deductible amount up to \$10,000. Subcontractor will promptly repair or replace any damaged Work until final acceptance by Owner and Architect. If Subcontractor's Work is damaged by Contractor before final acceptance by Owner, then Contractor will reimburse Subcontractor the direct cost (without mark-up) of repairing or replacing such Work. If Subcontractor's Work is damaged by anyone else in privity with Contractor before final acceptance by Owner, Contractor will assist Subcontractor in recovering such loss from the appropriate party, but Subcontractor will make no claim directly against Contractor for the cost of repair or replacement. If damage to Subcontractor's Work, prior to final acceptance, is caused by an unknown event or party, Subcontractor accepts the risk of such loss and will make no claim to Contractor for the cost of repair or replacement.

15. USE OF CONTRACTOR'S EQUIPMENT

In the event Subcontractor obtains Contractor's express written permission to use Contractor's equipment or facilities, Subcontractor shall reimburse Contractor at a predetermined rate, unless otherwise stated herein. Further, that in so doing, Subcontractor assumes all responsibility for, and shall indemnify, defend and hold Contractor harmless from any claims, actions, demands, damages, liabilities, or expenses, including attorney's fees, resulting from the use of such equipment or facilities by Subcontractor or his agents, employees, or permittees

16. CLEAN-UP

At all times during the course of construction the Subcontractor will perform its work and shall remove waste materials, debris and equipment from the site so as to maintain the project site and surrounding area in a clean, safe and orderly condition. Upon completion of the work under this Agreement, Subcontractor shall remove from the site all temporary structures, equipment, debris, hazardous materials and waste incident to its operation and clean all surfaces, fixtures, equipment, etc., relative to the performance of Subcontractor's Work. Subcontractor agrees that if it fails to perform its clean-up obligations, then Contractor, without obligation to do so, may perform such duties at Subcontractor's risk and expense.

17. GUARANTEE

Subcontractor guarantees all materials and workmanship and agrees to replace, at his sole cost and expense, and to the satisfaction of Contractor and Owner, any and all materials adjudged defective or improperly installed, as well as guarantee the Owner and Contractor against liability, loss or damage arising from said installation during a period of one (1) year from completion and final acceptance of the work covered by the Prime Contract. If, however, the period of guarantee is stipulated in excess of one year by the Contract Documents, Subcontractor shall be bound during the longer period stipulated. Subcontractor shall guarantee the materials and workmanship of all repair or replacement work done under this provision for a period of one (1) year, or longer if covered by the Contract Documents, after the repair work is accepted or longer if required by the Prime Contract. If subcontractor fails to commence with warranty work within five days after notice from Contractor, or immediately in emergency situations, Contractor may take necessary measures to fulfill Subcontractor's warranty obligations and Subcontractor agrees to pay Contractor costs.

18. INDEMNIFICATION FROM PATENT RIGHTS

Subcontractor shall indemnify, defend and hold Contractor harmless against any claim, suit or action, or any alleged violation or infringement of patent rights which may be made against Contractor by reason of the use in connection with or as a part of the performance of the work of the furnishing of the materials hereunder, of anything which is now or may hereafter be covered by patent, copyright or trademark, and also against all expenses, including attorney's fees, which Contractor may incur in defending or adjusting any such claim, suit or action.

19. ASSIGNMENT OF CONTRACT

Subcontractor shall not, without written consent of Contractor, assign, transfer, nor sublet any portion or part of the work required by this Agreement nor assign any payments hereunder to others. Contractor may assign or transfer the whole or part of this Agreement, and his rights hereunder, to any corporation, individual, or partnership.

20. INDEPENDENT CONTRACTOR

Subcontractor shall indemnify and hold harmless contractor from and against any liability loss (including any loss of profits or prospective advantage occasioned by the suspension, cancellation or termination of any contract, or Contractor's eligibility therefore), damage, costs, claims, awards, judgments, fines, expenses, including litigation expenses, reasonable attorneys' fees, claims or liability for harm to persons or property, expenses incurred pursuant to or attendant to any hearing or meeting or any other applicable costs which may be incurred by Contractor resulting from Subcontractor's failure to fulfill the covenants set forth in this paragraph.

Addendum B – Billing Requirements

Attn: Accounts Receivable / Billing Department

Subject: Subcontractor Invoicing Procedure

Your complete invoice package must be received by the end of the business on the 20th of each month. There are a few procedural items that can cause an invoice to be excluded from a client billing.

Your invoice **MUST** include the following:

1. The project number (**000000.**) and jobsite address (**Project Address, Project City**) must be on the invoice.
2. The attached invoice format is required. You must include an invoice on **your letterhead** in addition to a **Schedule of Values**. The preferred format for the schedule of values is included in the Addendum B
3. A conditional lien release for the **net amount due** needs to accompany every invoice.

There are no exceptions to these procedural items.

If you need a blank Microsoft Excel File (invoice) or Microsoft Word file (conditional lien release), please contact the Project Accountant listed below.

If the invoice and lien release are not received, in the format requested, at the main office (address above) by the end of business on the date stated in the subcontract, the invoice will not be included in the client invoice until the following month.

Each project is assigned a Project Accountant who will process and handle all subcontract invoices, and is well-equipped to address your project specific questions and concerns.

The Project Accountant for this project is: Dome PA First & Last Name

The preferable method of contacting your Project Accountant is to email: _ with CC: to billing@domeconst.com. We are committed to a 48-hour response (maximum).

If you should need to speak directly to your Accountant, please call (415) 641-0800 between the hours of 8:30AM and 3:30PM

Thank you for your help in processing your invoice.

6. **Unconditional Waiver w/ Jobsite Address** (Progress / Final Unconditional Release) This should reflect the prior payment received.

A thorough review of your invoice will be completed before it is submitted to Owner for payment. Any incomplete or missing information will result in a rejected invoice. Dome reserves the right to reject all invoices that do not meet the standards listed.

Discount Program Participation

All invoicing obligations listed within this subcontract must also be met when participating in the Dome Construction Sub Discount Program. Every invoicing requirement must be fulfilled before any payment will be issued, discount or otherwise.

Invoices and Lien Releases (Conditional & Unconditional) should be submitted for the net amount due, and **must not include any discounted amounts or line items**. The information below outlines the billing and payment expectation using a \$50,000.00 progress invoice for example:

Items 1-3 Must be shown on the invoice & lien release

Item 1	\$ 50,000.00	Gross Amount Due
Item 2	<u>\$ (5,000.00)</u>	Less 10% Retention
Item 3	\$ 45,000.00	Net Amount Due Before Discount

Items 4-5 must be omitted from the invoice & lien release

Item 4	<u>\$ (1,350.00)</u>	Less 3% Discount
Item 5	<u><u>\$ 43,650.00</u></u>	Net Amount Due with Discount/Check Amount

*The invoice and lien release must reflect the **Net Amount Due Before Discount**, which is \$45,000.00 in this example.*

Invoices received by the sub invoice due date of the 21st will be paid by the 15th of the following month, if all invoicing requirements have been met. The standard discount percentage is 3%.

Lien Releases (Conditional & Unconditional) from second tier subcontractors, who have filed a 20-Day Notice, will also be required in order to release payment, discount or otherwise.
